Program Code: MAHISP111

History, as we all know, is a vital source to obtain knowledge about a nation's soul. Of late, this has been argued and established that there can't be a nation without a past. Today, more than ever before, the challenges of globalization obligate historians and researchers to go beyond the local, national, and even continental frontiers of their knowledge. However, competing and keeping pace with the ever expanding horizon of history, one has to be sensitive in understanding the issues of nations history on larger canvas, absorbing polemics and not only create a belief of continuity by exploring nation's past, which lie in abundance. This certainly will further a dialog between past and present and a new narrative may emerge.

Program outcomes

- Po1- Give requisite information about different aspects of the past to students
- Po2- To teach them how to use this information for a better of society.
- Po3- This also gives an idea about how historians research, frame an argument and debate details that have significance to understand the past and the present.
- Po4- The expected outcome is to provide students with a sense of how interconnected our present is with the past and how learning about the past provides them with the skills to understand the present.
- Po5- The idea is to equip the student so that their ability to think and analyze is enhanced also, they develop good research oriented perspective.
