A REPORT OF

**CLEANING
DRIVE**

ORGANIZED BY

DEPARTMENT OF COMPUTER SCIENCE AND APPLICATION

ATAL BIHARI VAJPAYEE VISHWAVIDYALAYA, BILASPUR (C.G.)

DATE: 27 APRIL, 2024

EVENT DETAILS

On April 27, 2024, the Computer Science and Application Department organized a successful cleaning drive involving students, faculty, and staff members. The primary objective of the drive was to foster a sense of responsibility towards maintaining a clean environment within the campus premises. Approximately 100 individuals, including teachers, students, and workers, actively participated in the drive. Together, they diligently cleaned the entire campus, picking up scattered garbage and disposing of it properly. Moreover, they took the initiative to educate the cleaning personnel about the importance of using dustbins to maintain cleanliness consistently.

The Department has always been committed to raising awareness among students about the significance of cleanliness through such activities. This drive, which saw enthusiastic participation from undergraduate students, was part of the "Students for Society" initiative organized throughout April 2024. It aimed not only to clean the campus but also to instill a culture of cleanliness and responsibility among the student body. Dr. H.S. Hota, the Head of the Department, along with Mr. J. Kumar and other faculty members, actively participated in the drive, setting an example for everyone involved. Their involvement underscored the department's dedication to leading by example and fostering a community-driven approach to campus maintenance. The commendable efforts of the participants did not go unnoticed, as the Vice Chancellor of the university expressed appreciation for their work. This acknowledgment serves as a testament to the impact of collective action in creating a cleaner and more sustainable environment within the campus.

In conclusion, the cleaning drive organized by the Computer Science and Application Department on April 27, 2024, was a resounding success, thanks to the dedicated efforts of students, faculty, and staff. Such initiatives not only contribute to maintaining a clean campus but also play a crucial role in nurturing a sense of environmental responsibility among the university community.
